

## **INSPECTION TIPS**

- ✓ Come Up to ninety (90) days early prior to tags expiration. Renewal notice is not necessary for inspection.
- ✓ Commercial season (February June) is the busiest time of the year. Come early to avoid long wait times.
- ✓ Perform pre-inspection on the safety items before bring vehicle for inspection.
- ✓ Leave vehicle engine running while waiting for inspection. Do not turn engine on and off while waiting in line.
- ✓ Turn off the air conditioner, radio, heater, and other accessories during emissions testing.
- ✓ Check the web cameras at <a href="www.mvib.org">www.mvib.org</a> for lane traffic prior to coming for inspection.
- ✓ Have vehicle serviced prior to inspection if malfunction indicator light or service light is on.
- ✓ Drive vehicle for twenty or more minutes to ensure proper operating conditions.
- ✓ No Pets or weapons allowed in the inspection stations.
- ✓ Turn off mobile phones during inspection.
- ✓ No documentation is necessary for inspection.
- ✓ No smoking vehicle will be inspected.
- ✓ Driver's side must be clean to allow for On Board Diagnostic II (OBD II) testing.
- ✓ Driver must exit vehicle for OBD II testing.
- ✓ Drive 1996 and newer vehicles for a minimum of four (4) days after OBD II repairs to ensure readiness monitors are set to ready for testing.
